"See-It, Heal-It!"tm

Great for
**VETERINARY
APPLICATIONS**

**Equine, Porcine,
Bovine:**

**The ultimate
inspection tool**

**He Uses ProVision
Shouldn't You?**

**Cystoscopy,
Genito/Urinary Endoscopy,
Oral Exam (with speculum), Upper
Airway Endoscopy, Genito/Urinary
Endoscopy, Rectal Endoscopy**

Finding good diagnostic equipment is not always easy, and when you do the costs can take your breath away. Finding the **Provision** line of Endoscopes was quite a relief and exciting at the same time. With **Provision** we can afford to put affordable 12X diagnostic scopes in the hands of everyone of our vets. Flexible, light-weight, durable and best of all adaptable to a large amount of procedures. Be it a cystoscopy on a equine patient or a general Endotracheal Intubation, **Provision** gives you an affordable alternative not generally offered in the Medical market place.
